REDUCING POVERTY THROUGH GROWTH

April 23, 2007

VIA E-MAIL TRANSMITTAL

To: KPMG
Subject: Amendment 03 to Request for Quote No. MCC-07-RFQ-0026
Financial System Assessment

MCC wishes to thank you and your team for attending the Meeting on April 19, 2007 to discuss the Financial System Assessment procurement and your proposal.

Attached is Amendment 03 to the subject RFQ. This Amendment 03 requests your revised proposal and establishes a proposal submission date of **Monday, April 30, 2007 at NOON.**

For your information and for improvement of your proposal the following weaknesses were perceived by the technical team:

- Lack of knowledge of MCC's environment, business, and mission may have led vendor to underestimate level of effort required (1.5 FTEs).
- Ability to mobilize rapidly not clear.

If you require any additional information related to the subject procurement, your point of contact is Nancy Feeney, at (202) 521-3707. Your emails should contain "Financial Systems Assessment MCC-07-RFQ-0026" in the subject line. There should be no other communications with anyone else at MCC.

MCC wants to be clear that it is anticipated that your proposal submission on April 30, 2007 is a final submission. MCC reserves the right to award without further discussions. It is incumbent upon all offerors to submit their best proposal. Any changes to your initial proposal, even if discussed at the April 19th meeting, must be included in the revised proposal for evaluation.

This letter in no way obligates the Millennium Challenge Corporation (MCC) to place an Ordering Agreement, nor does it commit the MCC to pay any costs incurred or associated with the preparation and submission of the requested information.

Very truly yours,

James D. Sprandel
Contracting Officer
